# Welcome to the.Church

Imagine a community where every person is valued, where everyone's voice is heard, where everyone is cared for.

Imagine a group of people who take time to ask others how they're going and who genuinely want a truthful answer.

Imagine what its like for someone who is sincerely in need to have someone come alongside and lend a hand.

I believe the day will come when others will describe the.Church in these terms.

We're a group of ordinary people who are learning to live our lives in the manner we were created to live. We don't always get it right but we are trying. Maybe you are looking to change the way you live, come along and try us out.

The journey we walk is both challenging and exhilarating. We would love to experience life with you.

*Wayne and Ruth, senior pastors*

**the.Church** offers a myriad of ministries targeted for the different people who connect with us. We strive to influence, impact and positively interact with our local community.
